Knowledge Translation Professional Certificate (KTPC)

KTPC is a five-day professional development initiative which builds individual and organizational KT capacity. The curriculum, presented as a composite of didactic and interactive teaching, focuses on the core competencies of Knowledge Translation (KT) work in Canada, as identified by a survey of KT practitioners.

Developed by the Learning Institute, Hospital for Sick Children, KTPC is hosted three times a year. Each session is open to a limited number of participants. KTPC is fully accredited by the Continuing Professional Development Office at the University of Toronto's Faculty of Medicine and has been recognized as a Leading Practice by Accreditation Canada.

Who should take KTPC?

This course aims to develop the competencies of individuals working as KT practitioners (i.e., knowledge brokers, KT specialists, KT managers, and the like) working across all disciplines (e.g., health, health promotion, education, agriculture, etc.).

Time Commitment

Please note that the course is held on five consecutive days (Monday - Friday) from 8:00 am - 6:00 pm and includes a networking dinner on the Wednesday evening. Full attendance is required to meet accreditation requirements.

Supervisor Involvement

Supervisor involvement in three of the course sessions is strongly encouraged as a way to build organizational capacity for KT. Supervisors are invited to attend: 1) a session on *Organizational Impact*; 2) panel discussion: *Building a KT Friendly Organization*; and 3) your KT plan presentation on the final day of the course.
